**The Learning Hub**  
A Project of Jadeed  
Dastgir Ideal High School

## WELCOMING THE FUTURE

The coronavirus-induced closure of schools compelled parents of The Learning Hub students to become home-school educators overnight. The Learning Hub continues to work with parents and pupils to ensure educational objectives are met while keeping stress and hardship to a minimum.

The coronavirus has touched or impacted each life in our community. “Normal” is not a word that is easily defined today or even tomorrow. As the Chairman of The Learning Hub, I have at times ached for the normal of yesterday. The normal of wonderful students chattering during lunch, running at break time, singing during music class and engaged in learning in their classrooms. Literally overnight students are now at home and parents, grandparents and guardians became the teachers. The capacity and tenacity of parents and others who stepped up to the challenge of adding “teacher” to their already full list of hats they wear in a day has been incredible.

We were one of the first school in our region to start online school. And our objective is to continue being recognized as a torch bearer of leading education methods and an institution that has students defining a future not only for them but for the world as well. We have and will continually strive for brighter and more secure prospects for our children. The values and environment we provide for our children are sustainable and see them successfully through their formative years. The investment we put into our children today will help them achieve greater heights and create the unimaginable.

My sincere thanks to the school’s Principal, teachers, other staff members and especially to parents for their dedication, patience, diligence, support and tender care they have shown in taking on the role of teacher in their homes. Without whom these successes – big and small – would not be possible.

May Allah Bless you all!

# TLH Executives

## Organizer's Note Ms. Mehreen Arif

The last day of 1st Term, we made it! I realize that this piece of the year was trying for you as parents & guardians as you navigated the pandemic as it identified with professions, childcare, remaining solid, and the general security of your family. This experience will no doubt help teach our students the "grit" that it takes to succeed in tough times such as these with COVID19.

I have been working with TLH from the last 3 years. TLH has given long periods of learning, proficient development and adjusted administrative astuteness and individual abilities. By fusing most recent innovation in our Online School while starting topical exercises, TLH has made the learning procedure for our preschoolers charming.

For guardians, please know that YOU are doing everything you can for your children and this is a genuinely novel time for everybody. I encourage you to show "Grace & Flexibility" on yourself at home during this time in addition to your children, their teachers and the community

I am pleased to share 1<sup>st</sup> Term Digital Scoop of year (2020-2021) which will grandstand our endeavors, beautiful exercises and lively occasions which came about in love capable recollections for our Preschoolers at TLH. I am cheerful that this computerized scoop will be a wellspring of delight for you!

## Academic Coordinators Ms. Mahnoor Raza (Grade I) Ms. Sara Raza (Pre-School)

The Learning Hub Preschool, is an institution which provides interactive environment for the students to learn and enhance their creative capabilities. Children are provided with ample opportunities to express themselves and to explore new aspects in their preschool life.

The year of 2020 has been unfortunate for the world due to global Pandemic of novel Corona Virus (covid-19). The challenging time demanded innovative out of the box ideas where safety precautions of children can be ensured and the learning process can continue in sophisticated manner. TLH decided to develop platform where online classes can be used as a mechanism where students can continue their studies effectively. With sheer commitment and dedication of our staff and faculty members, we rapidly initiated online classes by incorporating **Microsoft Teams**. We continue to strive for betterment in online learning module and will ensure that learning experience of our preschoolers isn't undermined. We are delighted to share 1<sup>st</sup> Term Digital Scoop of (2020-2021) which will showcase our efforts, colorful activities and vibrant events which resulted in cherish-able memories for our preschoolers at TLH. Cheers!

# Welcome to TLH

The Learning Hub develops young learners who are confident, responsible, reflective, innovative and engaged.  
We aim to develop our pupils academically, culturally, physically, emotionally and spiritually.

New Era of Technology

# Online Collaboration

- ✓ Teams Online Classes
- ✓ Student Participation
- ✓ Online Physical Activities

Online learning, which came as a panacea for the crisis, is increasingly seen as a new paradigm in education. While it may be too early to predict, it is very likely that e-learning is going to majorly impact education and herald the arrival of a new normal.

## Teams Online Classes

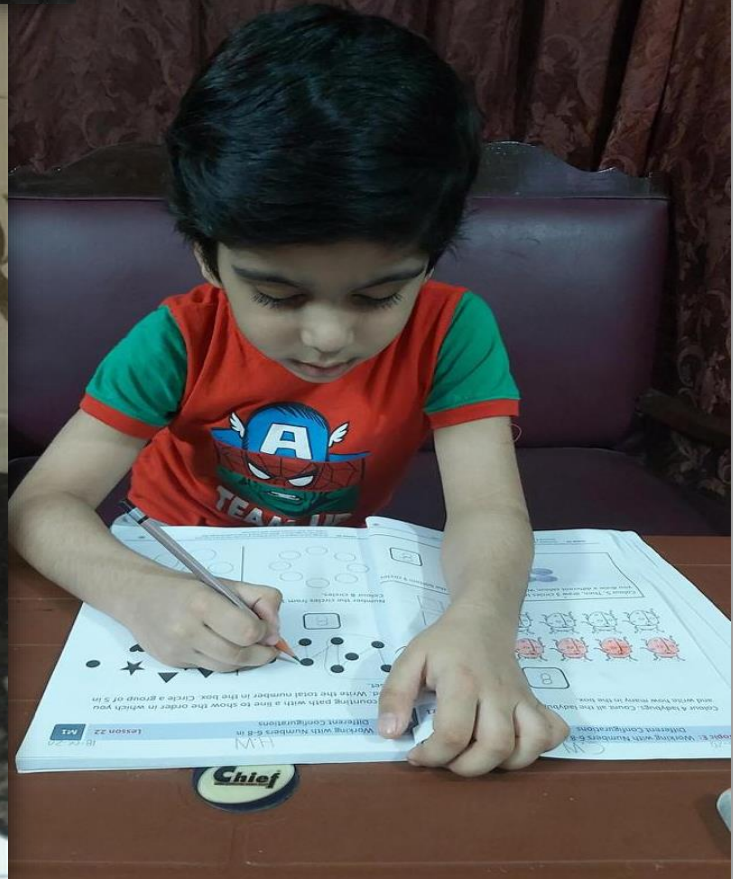

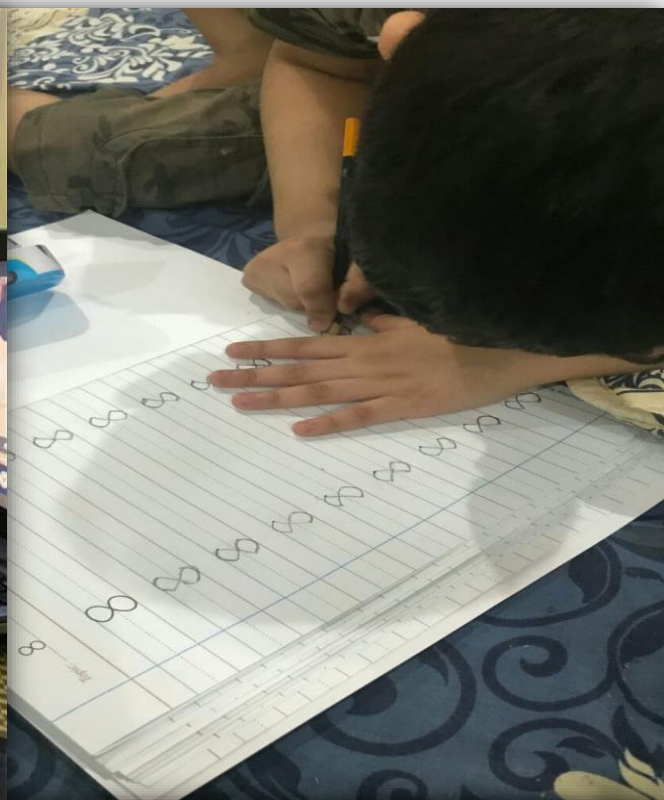

TLH with the combination of Microsoft Teams engage students with virtual face-to-face connections and activities, or set up a remote environment to keep classrooms connected and having fun.

# Student Participation

One of the greatest benefits of online learning is the multitude of ways to participate. Student success is directly linked to student's involvement. Participating in an online class will not only help to get better grades, but it can benefit overall online experience as well.

# Online Physical Activities

Physical activities should be integrated into young children's lives to create a foundation of movement and activity which will be carried with them throughout the rest of their lives. Children tend to be more active when they are outdoor rather than when they are indoor. While they do seem to be engage in various physical activities indoor as well, they are mostly light-intensity activities.

# Online Celebrations

Several events are followed up by TLH to promote culture and tradition among our children. And due to pandemic situation we assure that we should maintain the environment as it was in the previous years.

- **Online Orientation**
- **Online Parent Teacher Meeting**

- **Eid Festivities**

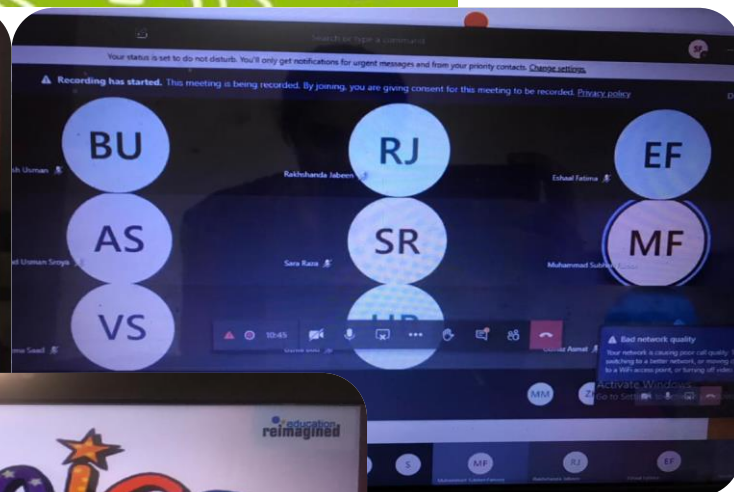

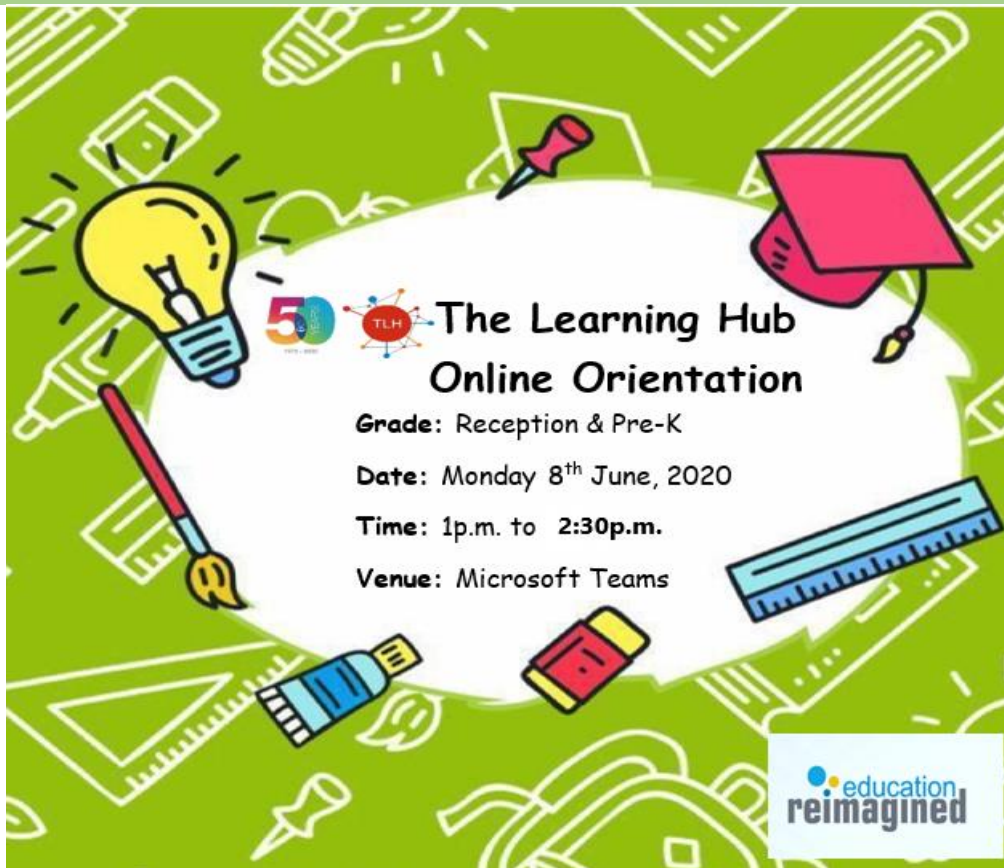

- **Online Qira'at Competition**
- **Virtual Sports Fest, 2020**

# Online Orientation

TLH arranged Online Orientation for new students to attend it and to acclimate them to the virtual classroom. Online orientation introduces prospective students a sense of what teachers expect in online classes. The importance of online studies was discussed to make them aware about the importance of education in this pandemic situation.

# Online Parent-Teacher Meeting

The Learning Hub  
Online PTM  
May, 2020

- Collaboration
- Engagement
- Resilience
- Participation

Question Answer Session

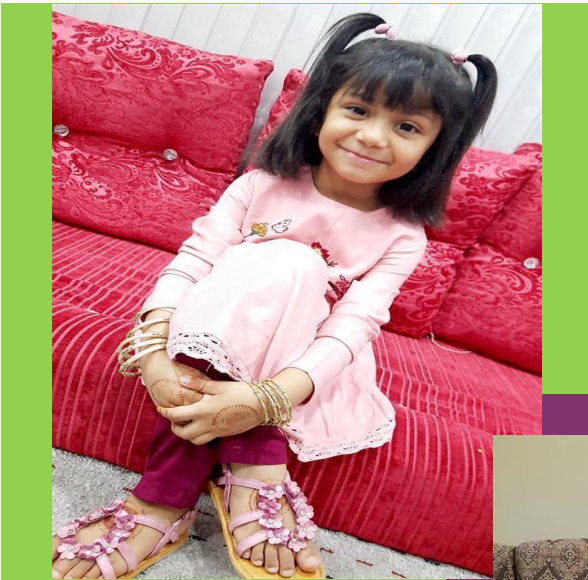

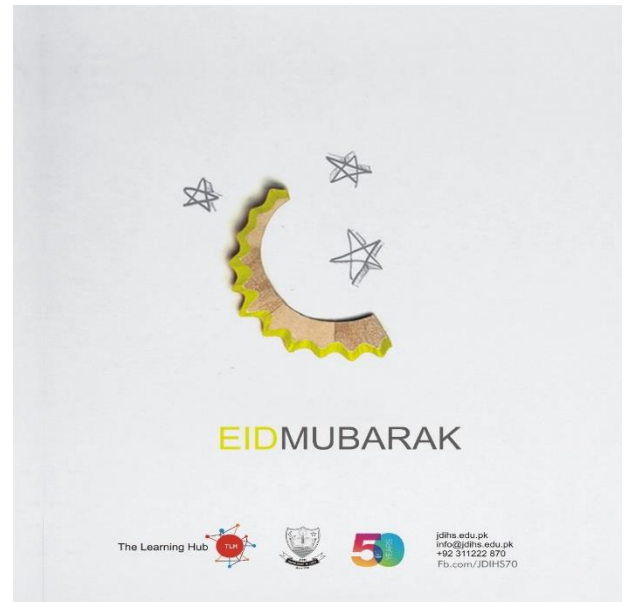

Online parent-teacher meeting helps to communicate to parents the areas their child are excelling in and to give them specific ideas of how to improve upon their child's performance during online class. At TLH parent-teacher meeting is used as a platform to make a lasting bond with the parents to increase the likelihood of academic success for their child.

# Eid Festivities

One of the happiest occasion for Muslims is 'Eid. The occasion was affected this year as nations around the world took measures to curb the coronavirus pandemic, including the suspension of Eid prayers, outdoor festivals, and other celebratory events. But TLH maintained its chain of celebration so that the situation could not affect children's joy and happiness at this occasion.

# Online Qira'at Competition

**Qira'at competition was held with much reverence, excitement and pleasure at TLH. The objective of this competition was to inculcate love of reciting the Qur'an in the manner taught by the Prophet (saw). This was an inspirational event for adults and children alike.**

# Virtual Sports Fest, 2020

Sports activities stimulate mental and physical development, which is essential for a child's growth. With the smart devices, they are staying inside to interact with them more and more. So TLH brought a combination of online classes and sports in our Virtual Sports Fest, 2020. Here are some of the glimpses from the event which our students and teachers enjoyed a lot!

# ONLINE ACHIEVEMENTS

Student achievement measures the amount  
of academic content a student learns in a  
determined amount of time. Each grade level  
has learning goals or instructional  
standards that educators are required to  
teach.

## ONLINE LEARNING

Certificates provide evidence of development of learner's specialized skillset. When our children earn certification, it proves that they take their studies seriously enough to spend time in continuing their online education and expanding their abilities.

# Online Certifications

# LeaderinMe

## INTERNATIONAL STUDENT SPEECH CONTEST 2020

## Online Speech Contest

This year, students were asked to explore how they can live the paradigm "Change Starts with Me". Their answers have been beautiful, inspiring, and optimistic. We believe their voices and messages have never been more important. Congratulations to all the winners and thank you to all the participants!

**By Leader in Me!**

# Birthday Bash

HAPPY  
BIRTHDAY

Celebrating a child's birthday every year helps them to understand “the growing up process of aging each year and assists them in understanding what each age means and its developmental significance.” TLH maintains its tradition of wishing and making our children to feel special at their birthday.

**Abdullah Faisal**

**17<sup>th</sup> June**

**Abdullah Umar**

**18<sup>th</sup> June**

**Muhammad Musa Imran**

**10<sup>th</sup> June**

**Muhammad Yahya Abubakar**

**17<sup>th</sup> June**

# Online Theme Learning

Online Theme learning supports and mirrors this natural way of learning. The big theme connects different topics, subjects and skills and helps children see and make connections between them. These theme activities are great platforms for the children to discover more about the world.

# International Days

Earth Day

Mother's Day

Father's Day

**MOTHER'S DAY**

Schools thereby strengthen the awareness of their students about significant global days and reach out to their communities. International Days are a good entry point for teaching values and priorities to our children. TLH wishes several days in their online classes so the students can remain in touch with their importance.

**Although Earth Day is celebrated just once a year, the spirit of the day can be carried throughout the year. The best way to show children how to care for the Earth is to model earth-friendly behavior. Make changes in your own life that promote energy conservation, recycling, and giving back to the community, and show our children the importance of taking personal responsibility for our planet.**

# Mother's Day

Mother's Day is an opportunity for kids to learn to do things they hate doing with a smile on their faces because they are doing those things for mom. Learning to be gracious is an important skill and many moms role model it every day for their kids. We appreciate mothers for being an important part in the life of their children.

## Happy Mother's Day!

Hello Everyone,

Let's celebrate this **Mother's Day** a bit differently this year in these quarantine days.

Mother is a combination of feelings, behaviors, and sacrifices and every mother has a special place in his/her child's heart. We would like to take this moment to thank all the **Great Moms** out there for being so tremendous during this quarantine time and our entire staff would like you to know that we appreciate you all!

### Mother's Day Activity:

Make this day more special for your mother. Tell us one best thing about your mother that you love the most about her. Make a video clip and share with us in the comment section below and you can find the ideas from the link mentioned below to make this day more special for your mom.

<https://www.lifehack.org/articles/lifestyle/21-gifts-mom-dont-cost-money.html>

Enjoy This Special Day With Your Mom! 😊

# Father's Day

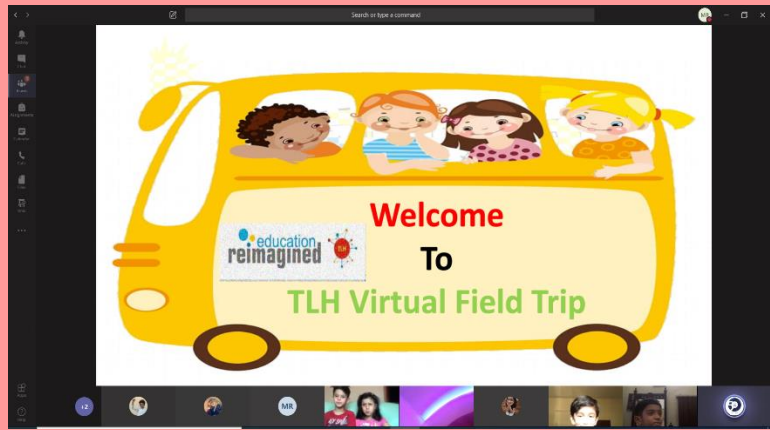

THE BEST  
Dad ever!

On this day children acknowledge and appreciate their fathers and father figures, who play an important role in their lives, be it emotionally, mentally or even financially. On this day children understand the importance of the role of a father in one's life. This day acknowledges the contribution of fathers to their own families and society at large.

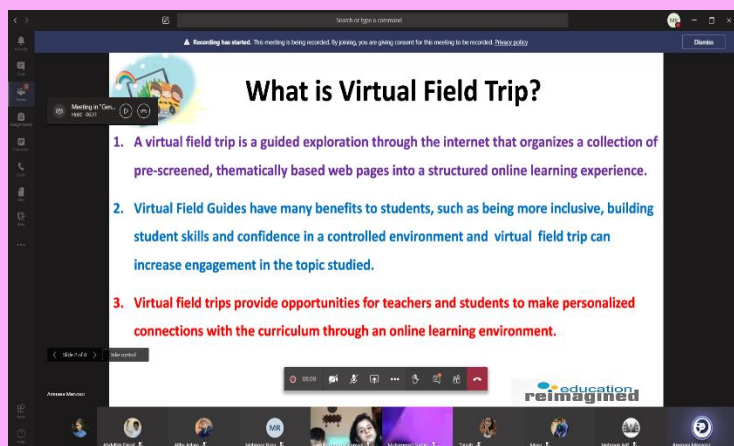

# Virtual Field Trip

Online technologies have removed the barriers of time, cost and location from the learning activities and experiences available to students. Virtual field trips allow learners to engage with authentic artifacts and to explore places important to their discipline of study and consistent with their individual learning needs.

## Observation Form!

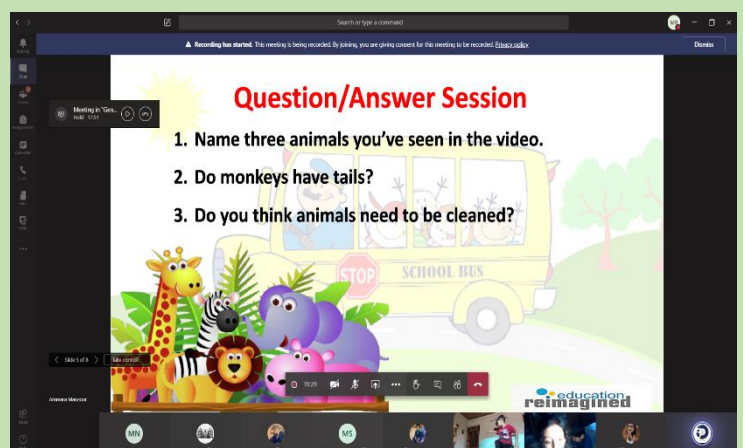

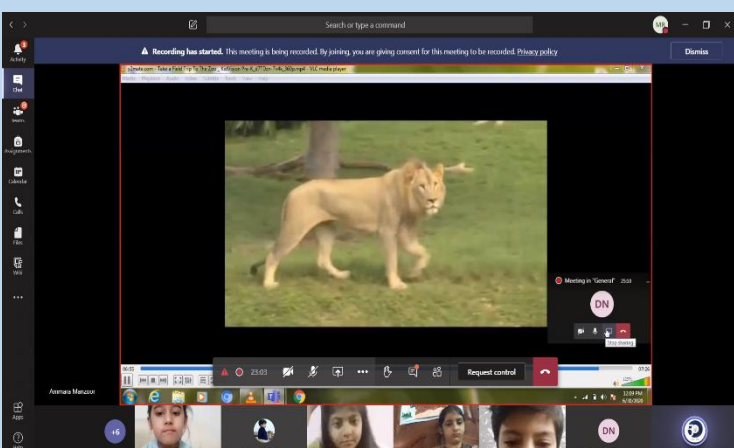

Dear Students,  
Hope you have enjoyed the **Virtual Field Trip**. Please fill the **Observation Form** attached below.

# Technology at TLH

- ❖ Resources for Remote Learning
- ❖ Online Student's Venture

**The students of this generation are considered technological learners. They learn best being more interactive, and technology is what helps them do that. Children often struggle to stay on task or interested, and with resources to help the teacher, they can better stay focused and learn faster.**

# Resources for Remote Learning

School closures affect teachers, students and parents everywhere. In these extraordinary times, technology can help make distance learning easier and more accessible. We provide resources such as Mathletics to each teacher's unique blend of student-driven learning and teacher-led instruction. TLH has enhanced the quality of education by making it way more appealing and fun with the introduction of Mathletics app.

# Online Student's Venture

Homework and assessments reinforce skills, concepts and information learned in class and prepare students for upcoming class topics. Tasks assigned to students teaches them to work independently and develop self-discipline. Student ventures encourage students to take initiative and responsibility for completing a task.

**Islamic Studies**  
1st Term Digital Assessment July, 2020  
Grade I

Read the following instructions carefully:  
This paper consists of two sections.  
Section 1 = 3 questions  
Section 2 = 3 questions  
Solve all the questions.  
Click "Next" to move to the next section.  
Click "Submit" after completion of all the sections.

Total Marks: 20  
Total Time Duration: 2 Hours

# Management Endeavour

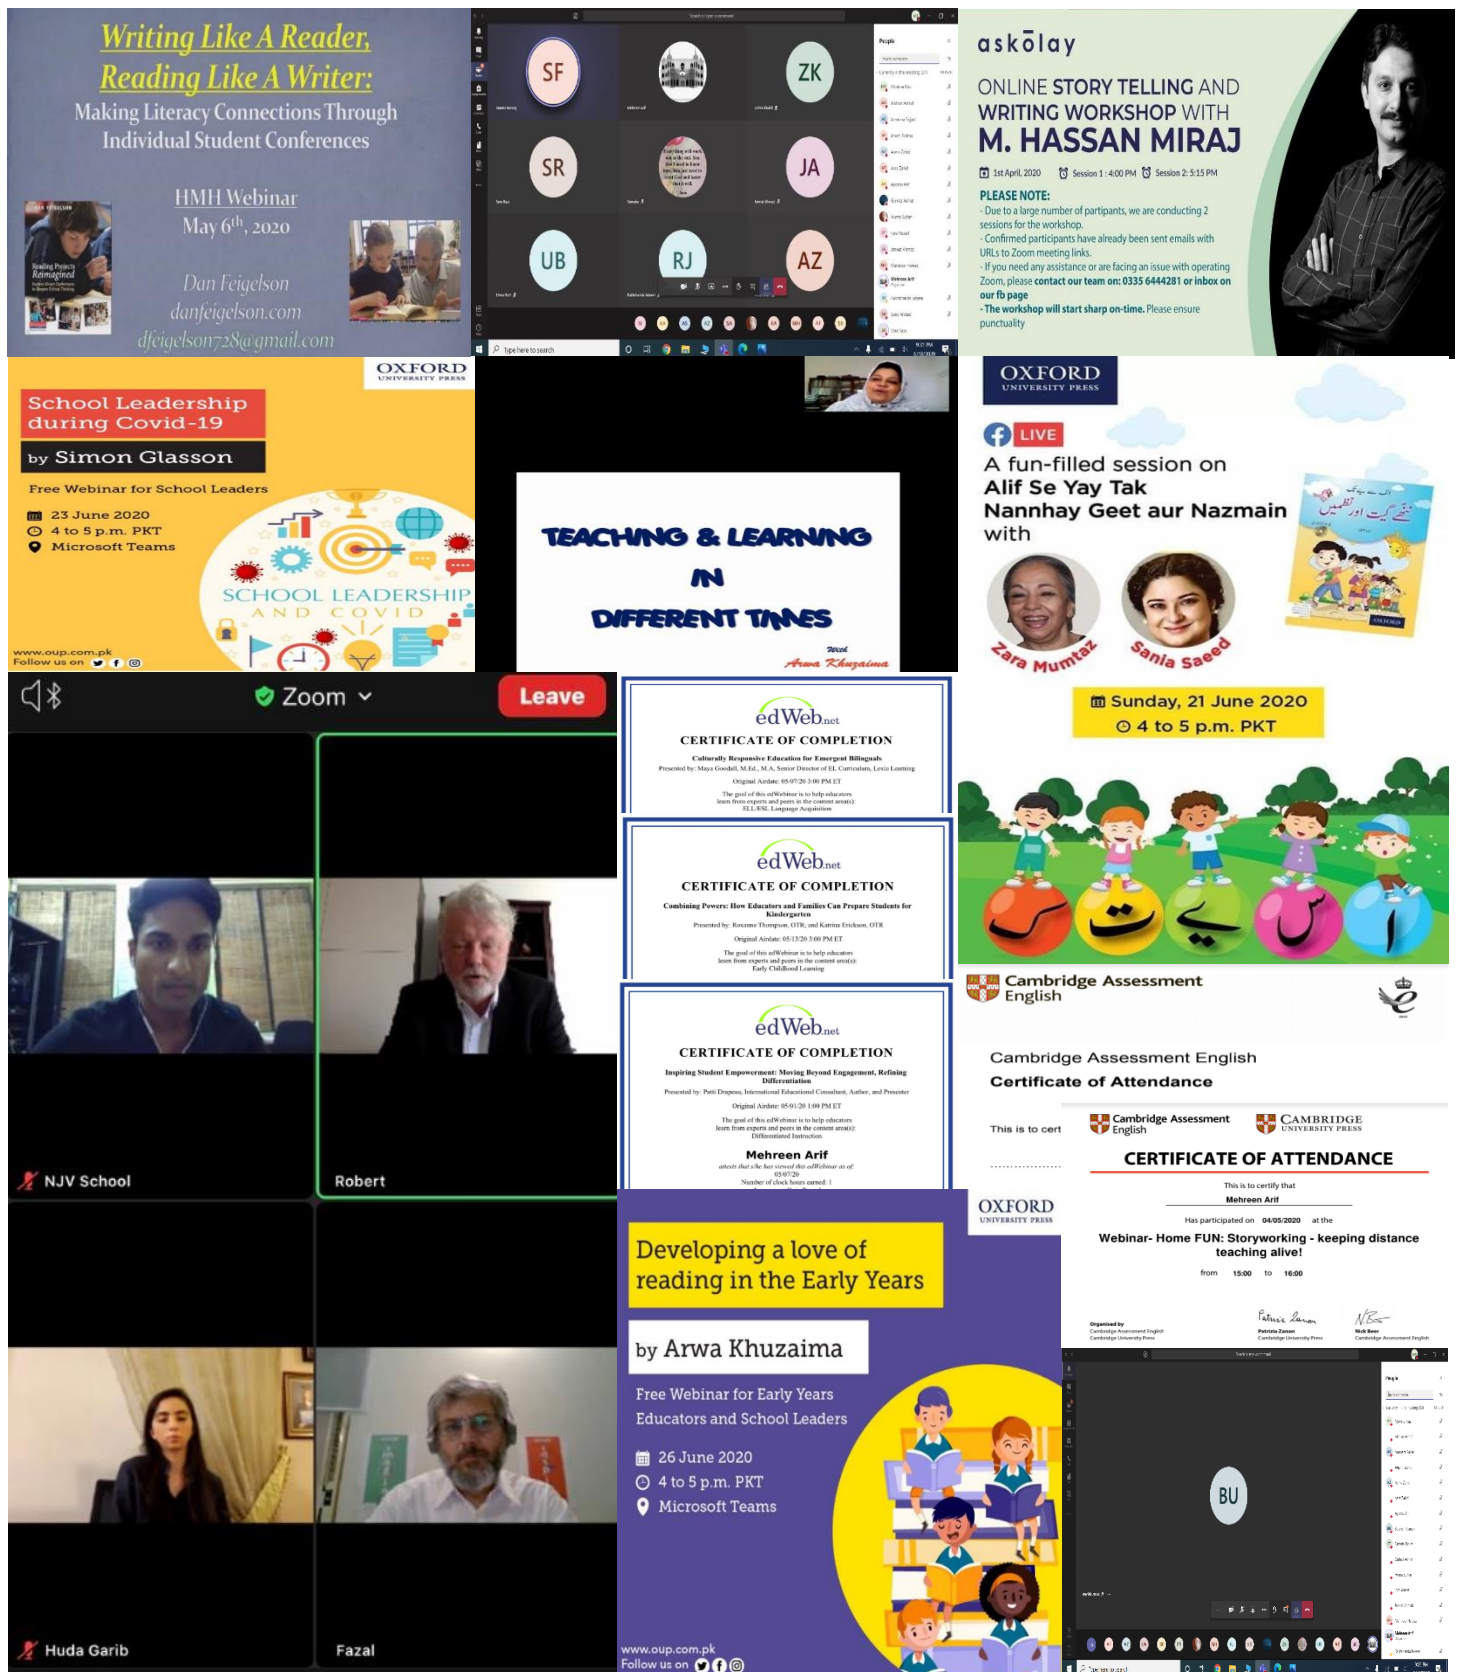

- Teachers' Sharpening
- Teachers' Gratitude

School managers and teachers are the most important factors for the success in comparison with other factors which contribute in academic performance in schools. Education department must consider to have well-trained school managers and teachers while preparing strategic plans, targets, and projects on education to obtain better success, higher productivity, and to increase the quality of education. Therefore TLH pays tribute to the teachers as well as strives to enhance the abilities of the staff.

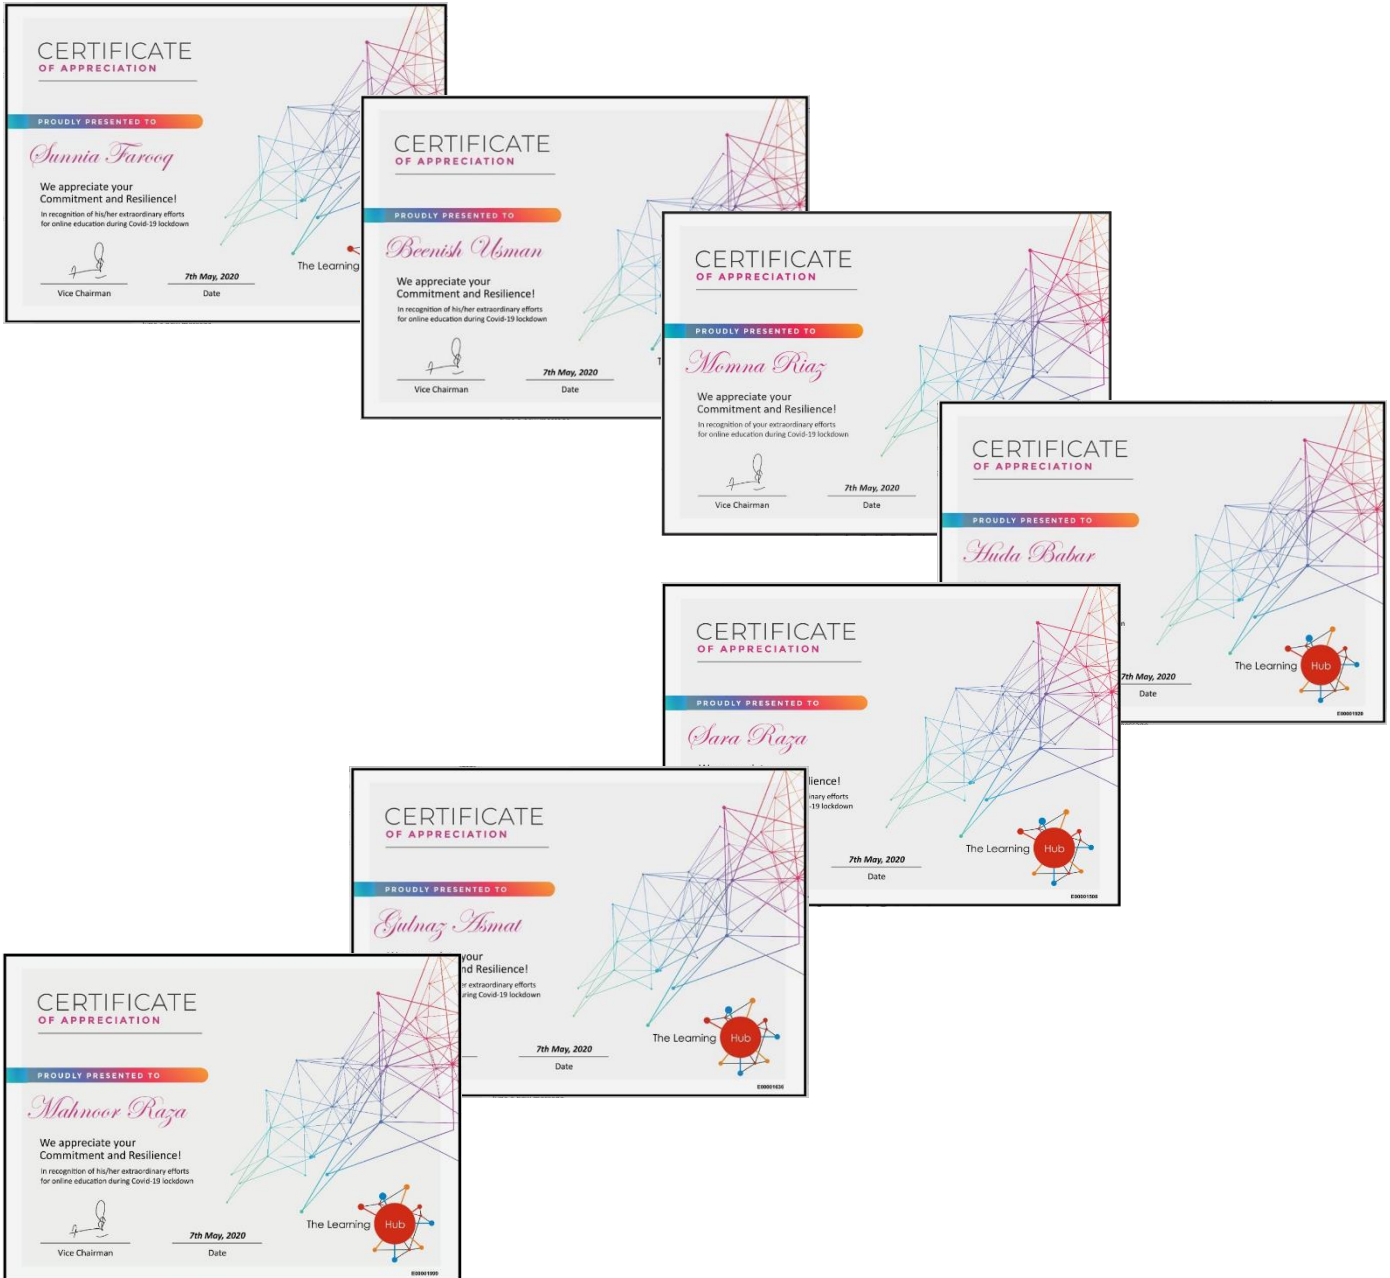

# Teachers' Sharpening

Teachers who are skilled at communication, classroom management and appropriate discipline techniques create a positive learning environment. Hence TLH arranged several training workshops on different platforms such as Microsoft Teams training, Storytelling, edWeb.net, Oxford University Press, Cambridge Assessment, Leader in Me training webinars and many more.

# Teachers' Gratitude

Behind every single student who succeeds in this country is a teacher and often several whose selfless dedication, professionalism, and passion make that success possible. So TLH thanks all of the teachers who work day in and day out to ensure that all students can fulfill their dreams.

## Teacher Appreciation Week!

Dear Students,

Teachers are arguably the most important members of our society. They give children purpose, set them up for success as citizens of our world, and inspire them to do well and succeed in life. The children of today are the leaders of tomorrow, and teachers are the one who makes them ready for their future.

So in this whole week, we are going to celebrate the "Teacher Appreciation Week". Send a video about your favourite teacher by telling her name and one good thing that you admire about her in the comment section below!

Thanks

# Parents Admiration

To ensure the continuous learning of children the roles of parents and teachers have merged. In this pandemic situation TLH cannot forget to appreciate parents who are now-a-days performing their roles as parents and as well as teachers. You help us to prepare kids for the road ahead in life.

**Ayesha Kaleem:**

I really appreciate all the parents for their efforts that how they developed this love of online learning in their children.

**Ayesha Hamid:**

I have been incredibly privileged to work in 'The Learning Hub' with amazing parental involvement.

**Ammara Manzoor:**

I would like to thank our hard working mothers who have contributed in making a huge difference to our students through their efforts.

**Maida Jabbar:**

Thank you for your patience and understanding through this extraordinary time.

**Afshan Ashraf:**

You have been extremely supportive through this difficult time.

**Asma Zahid:**

Your efforts are highly appreciated.

**Ammara Sajjad:**

We truly appreciate your endeavors.

**Mahnoor Hafeez:**

Your ceaseless efforts are truly admirable.

**Jannat Ahmad:**

Your efforts are truly remarkable as without your support online learning wouldn't be possible.

**Huma Sultan:**

Your efforts are remarkable.

**Beenish Usman:**

We give heartfelt gratitude to all the parents!

**Uzma Butt:**

We admire your efforts!

**Rakhshanda Jabeen:**

We look forward to grow together!

**Iqra Yousaf:**

Thank you parents! Continue supporting us!!

**Zahra Khalid:**

I really appreciate your collaboration and resilience. You worked equally hard as teachers.

**Gulnaz Asmat:**

Thank you so much for your interest!

**Sunnia Farooq:**

We are highly obliged and truly admire your countless efforts.

**Asra Zahid:**

Thanks a lot for your collaboration and alliance.😊😊

**Fazeela Tahira:**

We truly praise your efforts.

**Syeda Seerat Bukhari:**

We truly adore your efforts.

**Anam Fatima:**

We are indeed humbled by your continuous support. Indeed TOGETHER we shine BRIGHTER!!

**Sumaira:**

This year is a little different since schools are closed for the remainder of the year. Thank you so much for your belief, support, and patience.

**Sana Arshad:**

We really appreciate you all for your very warm support. Humble thanks!!

# Parent's Reviews

Thank you so much to all the teachers, it's going good thanks for your cooperation and special thanks to Sir Allaiddin because he really knows the real meaning of education. Allah bless all of you!!

We are satisfied with the way all teachers are working to teach our children in online classes during this pandemic. Thank you for your hard work in supporting our son as he develops. Your commitment to supporting our child has meant a lot to us.

We really want to appreciate the fantastic effort done by The Learning Hub and of course, it's beyond supportive teachers. The way every teacher teaches and handles every student with great patience and responsibility is highly appreciated.

We highly appreciate all team of TLH school. In this pandemic condition, the step of online classes is highly appreciated. Students are fully focused on their studies under the shelter of parents.

Appreciation and prayers for the management, teachers, and whole team who are working hard with positivity, motivation, and encouragement for their students progress and learning. In this pandemic situation you are doing a great job. Thumbs up for you all...😊

**Due to the ongoing pandemic, we have reimagined learning and given our best to keep our learners focused and attentive on academics as well as extracurricular activities for progressive learning.**

**So we asked our parents to give their valuable feedback on this major transition of online classes. Here are some of the comments mentioned by our stakeholders.**

# 1st Term Flashback

**We have prepared a short video of the activities performed and enjoyed by our students during their 1st Term online sessions. Click on the following link to catch a glimpse of our learner's hard work!!**

<https://www.youtube.com/watch?v=ztfjLI8qTA8&feature=share>
